

Dr.

ALI OGUZZHAN DAG

Welcome to my website. My name is Dr. Ali Oguzhan Dag, I am a dentist based in Fethiye, Turkey. I am the proprietor of two dental clinics, one in Fethiye, the other in Ankara. I began practising in following graduation from university in Ankara.

I specialize in the following areas of dentistry; Implants, crowns (porcelain and zirconia), root canal treatment, aesthetic fillings, smile design and botox treatment. My ultimate objective is to promise to provide my patients with all due care and attention which ever treatment is necessary for their individual needs. I offer to provide complete patient satisfaction to each and every individual patient in my care. I use the highest quality materials available in the world today and provide modern, convivial and comfortable, state of the art surroundings throughout the course of your treatment.
